CSWC Operational Period Summary

1800 May 11 2018 to 0600 May 12 2018

Office of Spill Prevention and Response (OSPR) scientists and staff participated in the 30th Annual State Scientist Day at the State Capitol last week. More than 3,000 elementary students toured the hands-on displays, which included an oil spill demonstration using dyed black vegetable oil to simulate crude oil.

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- **2018-LAW-46688, 05/11/18, 0657 hours:** The Air Force Rescue Coordination Center (AFRCC) advised of a possible ALNOT involving a Beechcraft Model 76, Tail# N803FC, with two souls on board that were scheduled to fly on 05/10/18, from Santee to Victorville and return to Gillespie Field in San Diego County. AFRCC advised ramp checks had been conducted with negative results. At 0723 hours the Cal OES Law Enforcement Duty Officer (LDO) requested Civil Air Patrol (CAP) be activated and AFRCC opened mission #18M0289A. At 0756 hours, LDO spoke to San Diego County Sheriff's Department (SDSD), who confirmed they were assisting CAL FIRE with a fire that was believed to be from a small plane crash that occurred last night in the area of Vulcan Mountain. Based on the last known position of the ALNOT, it is suspected this may be the same plane which crashed last night. SDSD is on scene but cannot make access to the site for identification until the fire is stopped. LDO updated AFRCC. At 1725 hours, the LDO contacted the California State Warning Center and advised that wreckage was located; however, positive identification of the aircraft and souls on board was pending confirmation. The Cal OES mission and AFRCC mission will remain open until confirmation is made. At the request of the LDO, the California State Warning Center cancelled the ALNOT message via CLETS. **Mission Ongoing.**

Cal OES MISSION TASKING

Cal OES Missions

- **2018-IREOC-45244:** Caltrans to remove dead and dying trees along highways in Kern, Tulare, Fresno, Madera, Mariposa, Tuolumne, Calaveras, Butte, Plumas, Sierra, Shasta, and Lassen counties. (On Scene – Long-term assignment)
- **2017-SOC-44098:** CalRecycle Debris Management Team in Ventura County (Coordinating)
- **2017-SOC-43821:** DTSC to remove household hazardous waste from over 500 residential lots in Ventura County (On Scene)
- **2017-Inland-42559:** Weather station installed to gather real time rainfall data by Air Resources Control Board (On Scene)
